Take Charge of Your Future

Enjoy your retirement years with an affordable long-term care plan that protects your savings, health, and independence.

Friends Life Care membership can be the answer to your questions about how you will ensure that your retirement years are all that you imagined.

You can even choose a plan to supplement long-term care insurance you already have. And membership is a great fit with life in a senior living or continuing care retirement community, giving you the freedom to age in the environment most comfortable to you — your home.

We help you build a plan that works for your lifestyle and finances. Your plan can cover the cost of care you may need to stay in your home; care that is arranged and monitored by a credentialed Care Coordinator, your trusted health care advocate.

Nearly 70% of people over age 65 will experience a life altering health event requiring some kind of long-term care.

Care Coordination: The Key Difference

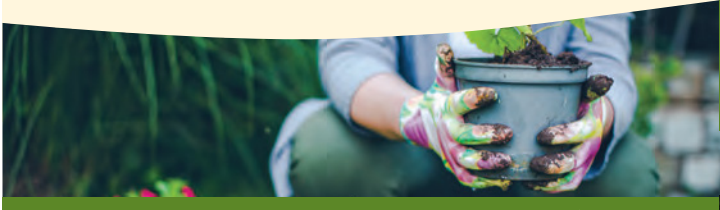

From day one, you are partnered with a personal Care Coordinator, a highly credentialed employee of Friends Life Care who will design and oversee a wellness plan focused on prevention to help you stay healthy.

Your Care Coordinator is your health care advocate for short- or long-term needs, available to you at any time for consultation and guidance. If you have a change in health status, your Care Coordinator can help you navigate the complex health care system and will locate, coordinate and manage the caregivers who will come to your home.

An Affordable Plan

Whether you are still actively working, getting ready to consider retirement, or already semi- or fully-retired, it's never too early to consider your future. The good news is that Friends Life Care offers an array of options available to help you age in place safely and in comfort.

Friends Life Care membership is open to individuals between the ages of 40–85, in good health, and living independently in southeastern Pennsylvania or Delaware.

"Whatever the future holds, I want to remain independent in my own home for as long as possible."

Prevention and Wellness

VigR (Vitality, Independence, Growth, Resilience) is our wellness philosophy, focused on prevention. From workshops to home accessibility evaluations, everything we provide helps members maximize health and well-being.

A Quaker Nonprofit

For over 35 years, Friends Life Care has been helping people like you plan for the future, protect their finances, and maintain independence at home. Guided by Quaker values, we've earned the trust of more than 6,000 members as the largest and oldest continuing care at home organization.

Concierge Convenience

Friends Life Care members get full access to Concierge Services provided by a trusted partner for non-medical home needs. From cleaning and repairs to meals, transportation and laundry, members enjoy coordinated services provided by vetted professionals, saving you time and simplifying daily life.
